DETAILED ACTION

1. This Office Action is a response to communications dated 03/11/04. Claims 1-20 are pending in the application.

Allowable Subject Matter

2. Claims 1-20 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record (*Kravets et al*, *Gauthier et al* or the like as listed below), considered individually or in combination, fails to fairly show or suggest the claimed method and system for power management in a wireless communications network comprising, among other limitations, novel and unobvious limitations of a power management application monitors communications interfaces, determines bandwidth and delay associated with each application over the communication interface, and determines a proper power management setting for the application to optimize data communicated by the application in accordance with the determined bandwidth and delay, structurally and functionally interconnected with other limitations in a manner as recited in claims 1-20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
